THE RAILROADS.

The Wheeling Passenger Association Has Organized.

IT WILL HAVE ENTIRE CHARGE

Of the Passenger Business in and Out of Wheeling, and the Over-the-River Towns—Will be a Branch of the Central Passenger Committee of Chicago—Mr. Burke is Chairman and Mr. Tomlinson Secretary—Rates for the Popocate Meetings.

The first business that will be transacted by the newly organized Wheeling Passenger Association, will be action to be taken on the application of the Wheeling Popocate for a special rate on all roads entering this city for October 28 and October 31. On the former date Vice President Stevenson will be here, and on the 31st the club demonstration will take place. A special meeting of the passenger association will be called to take action on the application.

The association has organized by the election of Passenger Agent Burke, of the Baltimore & Ohio, as chairman, and Passenger Agent Tomlinson, of the Pan Handle, secretary. The various roads will be represented on the committee, as follows:

Baltimore & Ohio—T. C. Burke.
Pan Handle and Cleveland & Pittsburg—J. G. Tomlinson.
Ohio River—W. L. McMorris.
Wheeling & Lake Erie—O. Russell Wood.

Cleveland, Lorain & Wheeling—A. P. Oxtoby.
The territory under the control of the association includes besides Wheeling, the several over-the-river towns. Regular meetings are to be held on the second Monday of each month. The association acts under the central passenger committee, to which reports are made at Chicago.

The Railway Age says: "In a letter written some time ago, in response to an inquiry from a manufacturer of wood-working machinery, as to whether the Lorain shops were to be rebuilt, General Manager Woodford, of the Cleveland, Lorain & Wheeling railroad, wrote as follows: 'We do not expect to rebuild this season, or at least until after it is definitely decided whether our country is to be run on a silver or a gold basis. If Bryan should win it may be several years before the shops will be rebuilt. Our business commenced to drop off on the day that it was decided in the Chicago convention that a silver man would be nominated for the presidency, and it has continued to fall off ever since. The decrease in our July earnings, as compared with a year ago, amounted to over 40 percent, and for the month of August we are showing, up to the present time, a greater decrease. If the fear of silver winning has this effect upon business, I am unable to even guess what a realization would result in, so far as our earnings are concerned.'"

DAY-HANCE.

Marriage of Mr. W. B. Day and Miss Mary H. Hance at St. Luke's Yesterday.

Without ostentation or exploitation, according to the modest characteristics and quiet tastes of the principals, Mr. William Bates Day and Miss Mary Hoge Hance were united in marriage at the rectory of St. Luke's Protestant Episcopal church, South Penn street, at 7 o'clock yesterday morning, the Rev. Jacob Brittingham, rector officiating. No invitations were issued, and none of the family of either party was present to witness the ceremony except one of the brothers of the groom. Immediately after the ceremony the couple were driven to the Pan Handle depot, over which road they left for a short bridal trip. They expect to return by November 1st, after which date they will be at home to their friends at No. 35 Virginia street, which has already been prepared for their reception.

The bride is the daughter of Mrs. Mary L. Hance, and is one of the most charming young ladies that has moved in any circle of Wheeling society, combining many personal attractions with those of head and heart, and has always been popular with her social associates.

Mr. Day has been more or less a public figure as a vocalist of some note, owing to his participation in numerous concerts and his connection with several church choirs in this city. He is, however, none the less appreciated and respected among the business element, now holding a responsible position with the Joseph Speldel Grocery Company. The many friends of Mr. and Mrs. Day, and they have attracted to them a large number, wish them the full measure of the material blessings this life can shower upon them. They received many flattering and substantial testimonials of the esteem in which they are held by acquaintances and friends.
